R	WE SUCCEED	
2022 ANNUAL REPORT		

# THRIVE

**WE HAVE BEEN RESILIENT; WE HAVE ADVANCED;  
AND TOGETHER, WE SUCCEEDED.**

**Together, We Succeed** through the efforts of our employees. Our employees' dedication and commitment ensures the Health System provides the Best Care for our Community. We have held steadfast and served the community through a pandemic and now look to our future success.

**Together, We Succeed** through our Commitment to Quality. Our Accreditation by The Joint Commission was renewed or achieved for: the Health System, Perinatal, Joint Replacement, Behavioral Health Care and Human Services, Stroke, Hospice and At Home Health certifications. We also have received a 4-star rating by the Centers for Medicare & Medicaid Services (CMS).

**Together, We Succeed** through our Financial Stability. Through unprecedented financial headwinds in the healthcare industry, the Health System has remained steady and consistent in our ability to provide the services our community needs, never turning someone away because of the inability to pay, providing over \$20 million in charity care to the community and still staying fiscally healthy.

**Together, We Succeed** in bringing new Technology. Because we have remained fiscally healthy, we can continue to bring leading-edge technology to the community. Our new state-of-the-art Magnetic Resonance Imaging (MRI) became operational in May.

**Together, We Succeed** through our Growth and Expansion of Services. This October we will open the NorthPointe Freestanding Birth Center and offer an alternative care model to provide services during pregnancy, labor/delivery and postpartum care. The Center will offer the comforts of home, located in close proximity to medical access if necessary. This service will provide a safe alternative model of patient care that focuses on a homelike birth where low-risk patients can give birth in a homelike setting.

*Together, we are Beloit Health System. Your trust in us to provide the Best Care is humbling and inspiring.*

**Together, We Succeed.**

*“Together, We Succeed.”*

**Tim McKeve**  
President and CEO

**Bonnie Wetter**  
Chair/Treasurer, Board of Trustees

# FLOUR•ISH

GROWTH. ACCOMPLISHMENTS. SUCCESS.

Arlene Smock

James Whelan, DPM

Nikki Holloway

Success at Beloit Health System comes in many forms, from defining and accelerating a career to caring for patients.

Arlene Smock is a great example of how BHS elevates employees to a successful and rewarding career.

“I worked at BHS as a CNA while I went to school. I did two years of nursing on the med-surg floor and earned a position in labor and delivery. I then worked as a nurse in the OB department, and along the way I decided to go into leadership.”

Arlene is now the clinical manager of the Packard Family Care Center, and soon to be the clinical manager at the Freestanding Birth Center. Her accomplishments are a direct result of career opportunities at BHS, her determination to succeed and her desire to give back.

“Thanks to the opportunities offered at BHS, I’ve advanced my career and found success as a nurse, which led me to leadership. I love taking everything I’ve learned and sharing it with my staff and the community so we can all succeed.”

Nate Laird was afraid a volleyball ankle injury a decade ago might mean the end of his golf career.

“I came down, rolled it, heard the loudest pop I think I’ve ever heard. My ankle swelled to the size of a small basketball. But I didn’t break anything, so no surgery was done.”

Over time, his ankle kept deteriorating to the point it would continually dislocate – not ideal for the director of golf operations at The Beloit Club. Club staff and members recommended BHS, where he met James Whelan, DPM, and Medical Assistant Nikki Holloway.

“Nate presented a very advanced pathology with advanced tearing to the collateral ligaments,” Dr. Whelan recalls. “He had exhausted many conservative treatment options.”

A total ankle reconstruction was required. The care and support Nate received before, during and after relieved any apprehensions he may have had.

“I couldn’t have asked for a better group. Dr. Whelan and his medical assistant, Nikki Holloway, made sure I was taken care of. Nikki was by far the best I’ve ever worked

with. I knew every procedure. Every message sent through the portal, every phone call, she provided answers.”

Dr. Whelan is quick to agree regarding Nikki’s contributions to the Podiatry team.

“She’s a true patient advocate who embodies BHS’s core values.” He continued, “She goes above and beyond to ensure high-quality patient care ... Nikki is a huge asset to our practice.”

Nate is happy to report his surgery was successful and his recovery is ahead of schedule.

“I was swinging a club just two months from surgery. It has allowed me to succeed and become a better golfer.”

Dr. Whelan calls Nate’s ankle reconstruction one of BHS’ “biggest success stories.” He credits the BHS culture of excellence for his own success.

“They’ve really helped me elevate my career by supporting me and providing the foundation for me to provide comprehensive clinical services.”

Nate Laird

*“I couldn’t have asked for a better group. Dr. Whelan and his medical assistant, Nikki Holloway, made sure I was taken care of.”*

# QUALITY

ELEVATING REPUTATION AND RECOGNITION.

## Beloit Health System – Certified Success **FitchRatings** **A**

In 2022, Beloit Health System garnered an impressive number of accolades and rankings, a well-deserved reflection of this organization’s extraordinary people and their unwavering dedication to excellence.

Fitch Ratings, Inc., one of the influential “big three” credit ratings agencies, renewed its A investment grade for Beloit Health System, based on strong market position and consistent operating profitability.

BHS has seen success across multiple specialty areas. After a thorough review, The Joint Commission renewed Beloit Health System’s accreditation for another three years in acknowledgement of continuing dedication to quality care and patient safety.

For the sixth consecutive year, Beloit Health System’s At-Home Healthcare service was recognized with the Patient Satisfaction Award of Distinction by WellSky, based on results of their Consumer Assessment of Healthcare Providers and Systems (CAHPS) survey.

Of course, a story about quality wouldn’t be complete without mention of BHS volunteers. The Volunteers In Partnership (VIP) program plays a vital role in enhancing the patient and visitor experience. This year alone, the 176 active VIP members have volunteered a total of 14,160 hours, equaling \$424,106 in value. These caring individuals are a positive reflection of the community BHS serves, and their contributions are instrumental to Beloit Health System’s continuing success.

Volunteers

# IN•NO•VA•TION

NEW TECHNOLOGY. COMMUNITY INITIATIVES.  
SAVING LIVES. TOGETHER.

Nommo Donald

Stable financial standings are providing Beloit Health System with opportunities to purchase new technologies that serve the community. A new, state-of-the-art MRI machine upgrade is one example.

“The new MRI machine brings advanced technologies and service enhancements. This will allow overall satisfaction for our clinicians as well as greater care for the patients in the community we serve,” stated BHS Vice President Nommo Donald.

Director of Medical Imaging Jennifer Yeadon explains how patients can expect a more comfortable experience.

*“The new MRI machine brings advanced technologies and service enhancements. This will allow overall satisfaction for our clinicians as well as greater care for the patients in the community we serve.”*

“The biggest thing is the opening of the magnet. Currently, we’re at 60cm and with the new MRI machine we are going up to 71cm. There will be a lot more space. The tube that patients go into will also be shorter, so you don’t feel like you’re going into a tunnel,” Yeadon said.

The new machine’s technological advancements will allow for a much greater range of exams, leading to more rapid diagnoses for patients.

“We’ll have the ability to do exams that are sometimes sent out of the health system to other facilities,” said Clinical Manager of Medical Imaging Debbra Bauman. “Patients will be able to have exams right away, here in our community.”

Yeadon agreed, adding, “We’ll be more efficient and more successful with the overall experience for our patients.”

Debbra Bauman, Jennifer Yeadon

## COMMUNITY SPOTLIGHT

Beloit Health System is committed to providing support through crisis intervention education in topics affecting our community. For example, Beloit Health System has partnered with Vivent Health to offer free NARCAN® (over-the-counter opioid overdose treatment) kits and training. This initiative is aiding marginalized communities and saving lives while increasing awareness and prevention.

In 2018 Brooke McKearn lost her 23-year-old son to fentanyl poisoning. Today she works as a prevention specialist at Vivent, conducting free NARCAN training classes offered in cooperation with Beloit Health System.

“The partnership has been nothing but smooth, easy and informative,” she said. “Everybody I’ve talked to has been on board with getting the training, from media and marketing to the CEO, Tim McKeveitt.”

Brooke McKearn

# EX•PAN•SION

SUCCESS THAT SEES CONTINUED GROWTH.

Beloit Health System's most prominent success story is the construction of the Freestanding Birth Center. This alternative care model focuses on a natural birth and setting for low-risk patients during pregnancy, labor/delivery and postpartum and will open in Fall 2023.

The birth center fills a need for the community, which is excited about the new experience. Allison Brown, a nearby resident and new parent, explains why.

"There's a growing population of people, including myself, who are excited because it's a good solution between home birth and hospital. You have all the comforts of a more natural situation, and still have nurses and midwives to help if you need it," Allison said.

The Brown Family

She added, "I know a lot of people who are excited about this. The nearest facility like this is quite a ways away. It's going to be popular, having this kind of facility this close."

In addition to expansion, BHS' successful growth relies on recruiting quality people. People like pain management specialist Alfred Rosche, M.D., who stresses the importance of the physician/patient relationship as the key to successful treatment.

"It's sacred. If someone feels you have their best interests in mind, that you'll do anything you can to help them, people really respond to that, and it sets the table for excellent patient recovery."

He sees BHS as an opportunity to share his expertise and provide a higher level of care for a greater number of patients.

"Becoming a part of Beloit Health System has given me so many more advantages in my practice. It's allowed me to see different types of patients and add exciting new care options. This is a good route for success as an individual, a system and a hospital."

Another member of the BHS team providing high-quality and innovative care is Michal Gutowski, M.D., who specializes in eye surgery and glaucoma treatment. He brings enthusiasm for patient healing and a unique skill set that includes a new glaucoma treatment.

"I've introduced laser treatments for glaucoma as well as some minimally invasive glaucoma surgeries that had not previously been done at Beloit Health System."

He sees joining BHS' Ophthalmology department as an ideal partnership.

"I have an excellent support staff and OR team. I get to focus on patient care. Ultimately that leads to my success as a physician and to community success because they're taken care of."

Alfred Rosche, M.D.

*"Becoming a part of Beloit Health System has given me so many more advantages in my practice."*

Michal Gutowski, M.D.

# LEG•A•CY

TOGETHER, WE SUCCEEDED

**Because of you, we continue to succeed as a health system and Community. We want to thank our donors, volunteers and board members who continue to make it all possible.**

Succeeding is part of the DNA at Beloit Health System and in our Community. We continue to provide the best care for the Community we love. We thank you for your steadfast belief that our Community deserves a strong,

independent health system. Your support allows our physicians and teams to practice medicine the way it should be, providing individualized care for each patient in world-class facilities.

With your help, the Foundation raised over \$1.4 million that was distributed to the Health System in 2022. Here is a brief year in review:

- **May, the first Community Safety event was held on the hospital front lawn.**
- **June, The second annual Pulling for Hospice event was held and raised over \$18,000.**
- **July, the Foundation hosted the Pro-Am golf outing. We welcomed Nick Hardy as our pro and raised over \$150,000. We were also able to raise funds to support the latest project, the NorthPointe Freestanding Birth Center.**
- **October, Corporate Donor Event was held on the 2nd floor, with tours of the newly renovated Packard Family Care Center and a short presentation by Timothy McKeveatt, CEO and President of Beloit Health System.**
- **November, Doves and Diamonds Hospice Gala was held. This was the 40<sup>th</sup> anniversary of Hospice service. Overall sponsorships and attendees were up from last year and a record-breaking total of over \$83,000 was raised.**

**We Succeed because of YOU.**

**Tami Scarpetta, MPA, CFRE**  
Executive Director, Foundation

**Mark Leach**  
Chair, Foundation Board

## THE OLYMPIAN SOCIETY

The Olympian Society derives its name from the tradition of outstanding medical care Beloit Health System began in its original location on Olympian Boulevard. That tradition carries forward into today. The word Olympian also denotes commitment and excellence in performance, which represents our healthcare mission to the Community. The Olympian Society membership reflects donors' cumulative giving to the Beloit Health System Foundation.

### Lifetime Olympian Society (\$100,000 or More)
